#### **Economic Review**

Pakistan is facing multiple challenges including governance, security and economic issues ranging from weak external account, fiscal imbalance, low tax base, long term economic planning for next 20 years and persistent power shortages which continue to impede sustained economic growth.

While GDP growth of 4.1% in FY 2013-14, remains the highest in last seven years, the projected growth in FY 2014-15 at 4.2% remains challenging. The expected growth primarily hinges on agriculture production in FY 2014-15 whereas Large Scale Manufacturing (LSM) growth to remain constrained due to continued energy shortages. The fiscal deficit during FY 2013-14 was recorded at 5.5 percent of GDP whereas the budget for FY 2014-15 targets further reduction in fiscal deficit to 4.9 percent.

CPI inflation declined from 8.6 percent in FY 2013-14 to 7.7 percent YoY in September 2014. Despite expected hike in prices of perishable food items due to recent floods, the declining trend remains broad based and inflation for FY 2014-15 is expected to be in the range of 8.0%-8.5%. The current outlook might, however, change adversely if the electricity subsidy is reduced further, going forward.

Despite healthy growth of 12.6% YoY in foreign remittances, which already witnessed a record volume of US\$15,832 million in FY 2013-14, the Government fiscal financing burden would tend to increase and continue its reliance on domestic debt. Further the latest trends in exports and imports, oil payments in particular, indicate that trade deficit is going to dominate the composition of external current account deficit. While the country has generally complied with conditions of EFF of IMF, the recent delay in release of US\$ 550million tranche is a temporary setback. The foreign exchange reserves at end-September'14 with SBP broadly remained at June'14 level of US\$ 9.0 billion, as a result keeping exchange rate movements in check.

The Government still needs to aggressively pursue enhancement in power generation capacity in the country while simultaneously reduce line losses due to theft and non-payments of bills and to also restructure GENCOS / DISCOS, while circular debt of approximately Rs 300 billion still remains outstanding.

Monetary policy has been tightened since the start of the year with no change in policy rate, which has been kept constant at 10% by SBP, in order to ensure macro-economic stability.

Non-Markup / Interest Income during the nine months period ended September 30, 2014 increased by Rs. 2,805 million or 38.7% as compared to the corresponding period of previous year. With the sizable growth in Your Bank's footprint and prevailing inflation rate, the administrative expenses increased by 7.6% to reach at Rs. 12,074 million for the nine months period ended September 30, 2014 as compared to Rs. 11,225 million in the corresponding period of the previous year.

million from Rs. 267.001 million at December 31, 2013. During the third quarter of the period under review, the Bank vide SBP letter dated September 03, 2014 was required to classify exposure of Rs. 2,740 million, being part of the syndicated facility, extended to Byco Petroleum Pakistan Limited; while the provisioning there against has been deferred up till June 29, 2015 subject to receipt of payment as per restructuring agreement. Your Bank's financial position is however resilient to withstand and overcome the risk in case of adversity. In this regard, please refer to Note 8.1.1 to the accounts wherein appropriate disclosure has been made. Accordingly, Your Bank's provision coverage against non performing advances stands at 79.08% as at September 30, 2014. No FSV benefit has been taken while determining the provision against Non-Performing Advances as allowed under BSD Circular No. 02 of 2010 dated September 03, 2010. Total assets of Your Bank stood at Rs. 789,407 million as at September 30, 2014 while the Equity of the Bank as at September 30, 2014 stood at Rs. 72,663 million.

#### Future Outlook

Owing to ongoing political impasse, continuing energy crisis, delay in the finalization of fourth IMF review, and the recent heavy rains and floods, the Government would remain heavily dependent on raising domestic debt. Under the circumstances many people remain below poverty line while lacking access to basic services and remain vulnerable to shocks. Economic growth is the key to tackling poverty and inequality. Government needs to take concrete steps to overcome energy shortage to restore business activity and expand its revenues and tax base to invest in people, infrastructure and encourage private sector to create jobs in order to maintain sustainable economic growth and alleviate poverty.

Your Bank remains cognizant of the challenging business environment and stands committed to its strategy of steady growth by continuously focusing on diversification in products and services; expansion in outreach especially through alternate delivery channels to increase customer base and mobilizing cost effective deposit mix and to maintain stable profitability trend, going forward.

Pending finalization of appeals / references no provision has been made by the Bank on aggregate sum of Rs. 19,048 million (2013: Rs. 15,702 million). The management is confident that the outcome of these appeals/references will be in favor of the Bank.

Tax Authorities have conducted proceedings of withholding tax audit under section 161 / 205 of Income Tax Ordinance, 2001 for tax year 2005, 2006 and tax year 2008 to 2013 and created an arbitrary demand of Rs. 1,125 million (2013: Rs. 1,081 million). The Bank's appeals before CIR (A) / Appellate Tribunal Inland Revenue (ATIR) are pending for adjudication. The management is confident that these appeals will be decided in favor of the Bank; therefore, no provision has been made against the said demand of Rs. 1.125 million (2013; Rs. 1.081 million).

Tax authorities have also issued orders under Federal Excise Act, 2005 / Sales Tax Act for the year 2008, 2009, 2010, 2011 and 2014 thereby creating arbitrary aggregate demand of Rs. 573 million (2013: Rs. 340 million). The Bank's appeals before CIR (A) / Appellate Tribunal Inland Revenue (ATIR) are pending for adjudication. The management is confident that aforesaid demand will be deleted by appellate authorities and therefore no provision has been made against the said demand of Rs. 573 million (2013: Rs. 340 million).

- 12.10 Other Contingencies
- 12.10.1 There is no change in the status of contingencies, set out in note 22.10 to the consolidated financial statements of the Group for the year ended December 31, 2013, except for the contingencies as mentioned below:
- 12.10.2 The income tax assessments of the Bank have been finalized up to and including tax year 2013 for local and Azad Kashmir operations. While finalizing income tax assessments up to tax year 2013, income tax authorities made certain add backs with aggregate tax impact of Rs. 19,048 million (2013: Rs. 15,702 million). As a result of appeals filed by the Bank before appellate authorities, most of the add backs have been deleted. However, the Bank and Tax Department are in appeals / references before higher forums against unfavorable decisions. Pending finalization of appeals / references no provision has been made by the Bank on aggregate sum of Rs. 19,048 million (2013: Rs. 15,702 million). The management is confident that the outcome of these appeals / references will be in favor of the Bank.

Tax Authorities have conducted proceedings of withholding tax audit under section 161 / 205 of Income Tax Ordinance, 2001 for tax year 2005, 2006 and tax year 2008 to 2013 and created an arbitrary demand of Rs. 1,133 million (2013: Rs. 1,090 million). The Group's appeals before CIR (A) / Appellate Tribunal Inland Revenue (ATIR) are pending for adjudication. The management is confident that these appeals will be decided in favor of the Group; therefore, no provision has been made against the said demand of Rs. 1,133 million (2013: Rs. 1,090 million).

Tax authorities have also issued orders under Federal Excise Act, 2005 / Sales Tax Act for the year 2008, 2009, 2010, 2011 and 2014 thereby creating arbitrary aggregate demand of Rs. 573 million (2013: Rs. 340 million). The Bank's appeals before CIR (A) / Appellate Tribunal Inland Revenue (ATIR) are pending for adjudication. The management is confident that aforesaid demand will be deleted by appellate authorities and therefore no provision has been made against the said demand of Rs. 573 million (2013: Rs. 340 million).

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance 1971 whereby it is alleged that Collective Investment Schemes (CISs) / Mutual Funds whose income exceeds Rs. 0.5 million in a tax year are liable to pay WWF. A writ petition has been filed in Sindh High Court to challenge the applicability of WWF. ABL AMC has undertaken to bear an amount of Rs. 27.38 million, if applicable, in respect of CISs managed by it. Therefore, no provision is made in these financial statements for said amount of RS. 27.38 million because the management is confident that based on MUFAP's legal Council opinion dated December 12, 2011, the matter will be decided favourably in due course.
